The L. H. S. Track squad, in their second season since the long lay-off, did a very fine job under the watchful eye of their capable coach, "Doc" Coleman. The purple and gold thinclads participated in many dual and triangular meets and always got their share of the points. The Gales also participated in the District Meet at Athens, the Newark Relays and the Ohio Wesleyan Relays. In the district meet the mile relay team qualified for the State meet.

In the years to come the Track Team of L. H. S. should command as much respect as other athletic groups.
